If you ever wanted to take part in a fashionable life and to have your own luxurious home, you are at the right place. In Cake Shop 3 you will have to organize the whole decoration of the new hotel. You will be responsible for the quality of the services and the comfort of the customers, as well as the hotel appearance. You have to work with the chosen products, colors, and patterns, so that the perfect reception awaits all guests. It is a great pleasure for every player to act as a decorator of a luxurious hotel. Do not miss this great opportunity to satisfy yourself with endless assignments and give your company a new image. In this game you will have to lead a real hotel which becomes a new playground for every one of your guests! Help the managers to

solve the problems and make their work easier. You are the very first to see a new hotel, and you can choose any design for it. Here you can decorate the hotel rooms and transform them into the most interesting places. All of this will be possible because you have enough money in the beginning of the game. Your reputation depends on the cleanliness of your hotel and on the quality of the services provided. Keep the hotel shining and filled with guests at all times! Use your creativity in order to create the most beautiful and refined hotel. You can invite the guests to an elegant banquet or make a romantic evening for them. It is much more fun to make games with good graphics and animated characters. Cake Shop 3 is an amazing choice for everyone who has a good taste. If you want to show your taste and open a new interesting experience for yourself, this game is waiting for you! It will not take much time to create beautiful decorations. It is much more challenging to make the rooms interesting and to decorate them with cool patterns. It is a great pleasure to realize your dreams and open new exciting pages in your life. Try to show yourself in the role of a successful businessman or a talented artist! Game features: – There are many objects, equipment, and furniture which you can use in order to improve your hotel. – Many different decorations will be available in the game. – You can make various decoration objects and create the most exciting facilities of a modern hotel. – You can ask the players to perform the desired tasks and to feel as a real owner of a hotel. 82157476af
