It looks like your account is active and has not expired. To link your YouTube account to a Google+ profile, sign in and select "Link Google+ to YouTube. It is not necessary to enter your email address. I had to fill in that information. Link your Android account to YouTube so you don't have to re-create it next time you log into your account and the next time you log into your account. You can also link other Google accounts such as Google Drive, Google Play or Google+ to your YouTube account. The purpose of this article is to give you an overview of these sites in order to help you decide which one to use. Of course, if you have a special request, please feel free to contact us! 1 Enter a code purchased from a physical store or an online retailer or an OEM code, which can be found under the dev-tools menu. If you've already used an activation code from an online retailer, you can also use that code again. You will receive a "Thanks for trying out YouTube" message. If you have an account already on YouTube, you can click the link to continue. If you do not have an account on YouTube, you must register and be activated for access. Hello, dear user! Sorry I am not able to just give you an activation code. Activation codes must be purchased from either a store or online. I hope this helps! There is a long delay. Try again in a couple of hours. Error code 39 Error code 39, the most common error when attempting to register a new account or login to your existing 82157476af
